THALHA AFSAL AHAMED S

Data Analyst

8939442121 | afsalahamed444@gmail.com | LinkedIn | GitHub | Chennai, India

PROFESSIONAL SUMMARY

Entry-level Data Analyst with hands-on Python (Pandas, NumPy), SQL (MySQL), Excel and Power BI experience. Completed two end-to-end projects on 2,000+ and 9,500+ records: cleaning data, writing SQL for KPI reporting, and building dashboards that turned findings into clear business recommendations. Eager to join a data-driven team and deliver reliable, well-documented insights from day one.

TECHNICAL SKILLS

Programming: Python, SQL
Python Libraries: Pandas, NumPy, Matplotlib, Seaborn
BI & Analytics Tools: Power BI (DAX, Power Query), Tableau, Excel (PivotTables, SUMIFS, COUNTIFS)
Database: MySQL
Concepts: Statistical Analysis, Data Cleaning, Data Visualization, KPI Reporting, Cohort Analysis
Tools: Git, GitHub, Google Sheets

PROJECTS

Customer Churn Analysis | Python, Pandas, NumPy, Matplotlib, Seaborn, MySQL | GitHub

- Analyzed 2,000 telecom customer records using Python (Pandas, NumPy, Matplotlib, Seaborn) to identify a **24.9% churn rate** and **$35K in monthly revenue at risk**.
- Wrote **20+ MySQL queries** for customer segmentation, cohort analysis, KPI reporting, churn trends and revenue impact assessment.
- Built a **7-chart dashboard** showing churn patterns, high-risk customer segments and revenue loss; recommended retention strategies to reduce churn by **15–20%**.

Sales Performance Dashboard | Excel, Power Query, MySQL, Power BI (DAX) | GitHub

- Analyzed **9,500+ sales transactions** using Excel, Power Query, PivotTables, SUMIFS and COUNTIFS to track **₹29.6Cr revenue, 36.7% profit margin and 15% YoY growth**.
- Wrote 7 MySQL queries for data extraction, aggregation, KPI reporting, revenue trends, regional performance and top-product analysis.
- Built Power BI DAX measures (YoY Growth %, YTD Revenue, RANKX); identified **East India as the lowest-performing region** and recommended distributor expansion.

EDUCATION

B.Sc. Information Technology — The New College, Chennai **2026**

CERTIFICATIONS

- **Data Analytics Essentials** — Cisco Networking Academy, Jun 2026 (SQL, Excel, Tableau, data visualization)
- **SQL (Basic)** — HackerRank, Jun 2026 (joins, aggregations, relational databases)
